Response to FEC RFAI re. 30 Day Post-General Report

The RFAI dated January 8, 2015 addressed a single item on Schedule A of the 30 Day Post-General Report, a contribution attributed to the 2014 General Election. Investigation showed that this contribution was properly received but was incorrectly keyed into the campaign's database. The default entry period of '2014 General' wasn't noticed immediately after the election which resulted in the incorrect attribution of this contribution. The entry was changed to reflect the correct period of the 2016 Primary Election and an amended report was filed.
